NUMBER 46.

Paris to Have Another Traction Line.

There was a meeting of representative business men from Paris, Millersburg, Carlisle and Maysville held at the Central Hotel, in Maysville, Monday night, and the first important steps were taken looking to the construction of an electric traction line from Maysville to Paris.

The proposed route will be about 60 miles in length, and most probably touch the towns of Washington, Mayslick, Mt. Olivet, Blue Licks, Carlisle and Millersburg, the exact course taken depending upon the inducements and advantages offered.

The meeting organized by selecting the following officers and directors:

President—Hon. J. N. Kehoe, Maysville.

Vice-President—Henry A. Power, Paris.

Secretary—John Duley, Maysville.

Treasurer—W. W. Ball, Maysville.

Directors—Hon. J. N. Kehoe, W. W. Ball, Millard Merz, E. P. Browning of Maysville; C. C. Cole and W. B. Ratcliff of Carlisle, C. W. Howard of Millersburg and H. A. Power of Paris.

Much interest was manifested at this meeting, and by the list of officers and directors selected it looks like a go. Such a road would be a great benefit to the communities through which it passed, and would help the business of Paris more than anything else we know of. It is a big undertaking, and the gentlemen having the matter in charge are proceeding with care, and realize the magnitude of the work ahead. It is understood that they have received assurances from substantial financial men of the East that the money to build and equip the road will be forthcoming when the rights of way and all local grants and franchises have been obtained.

Let us all help these gentlemen in every way possible on this end of the line, for it means a big thing for Paris.

No argument, the Walk-Over Shoe is the best.

A Serious Accident.

Late yesterday afternoon, as Mr. Claude Redmon, accompanied by his sister, Mrs. Florence Green, and his little six-year-old son, was driving up Main street, near the opera house, a dog ran out and bit his horse several times on the leg, causing the animal to become unmanageable and terrified by fright. Mr. Redmon was thrown out with great force, but held to the lines until his sister and little boy got out, being dragged some distance before the horse was free. He was carried in a stanned condition into Dr. F. M. Faries' office, and it was found that he had received a severe cut in the back of the head and had been kicked in several places by the frightened animal. The little boy received several bad bruises and fainted a number of times, while Mrs. Green escaped unhurt. The horse was a gentle one, but to be bitten in several places by a vicious dog was enough to make him run away. He ran several squares before being caught, but not before the buggy was demolished.

It is said that it is actually dangerous to drive on Main street, between Tenth and Twelfth streets, for a number of dogs that run after every horse that passes, a gentleman saying that his horse had been bitten twice by these same dogs. Is there no way to stop such a nuisance?
